

Welding Tungsten Grinder Accessories - ESG Plus²

This Tungsten Grinder is a sensation, the first portable tungsten grinder with two grinding wheels, allowing the electrodes to be pre-ground with the coarse diamond wheel and finished with the fine diamond wheel.

For grinding, planing, facing and cutting electrodes. The best solution for a precise and fast preparation of tungsten electrodes.

One machine – complete electrode preparation used in WIG/TIG welding machines.

For preparation of tungsten electrodes 0.040 inches - 0.157 inches

Grinding angles 15° / 18° / 22.5° / 30° or 15° / 30° / 45° / 60°

Grinding electrodes:

- 4 different angles
- 6 different electrode sizes

Facing electrodes

Cutting electrodes

Highest angle accuracy

Transportable

Ergonomic design

Non-stop action possible
